

THE HARD TRUTH, *from Cops for covid truth*

The RT PCR TEST is fatally flawed, which is why its inventor stated it should never be used to diagnose infectious disease

- According to the US Center for Disease Control, the SARS-CoV-2 virus has not been isolated
- The initial computer modelling that was used to justify the lockdowns, has been shown to be so badly flawed that experts have said "no serious scientist gives any validity", yet lockdown has remained
- Lockdowns are not recommended by W.H.O.
- The low death rate, even in countries without lockdowns, indicates there is no emergency
- There are safe medications known to be effective treatments and preventatives, yet these have been prohibited and a rushed vaccine is being forced upon us
- The guidelines for codifying the statistics allow for them to be inflated
- Financial incentives are provided in return for positive test results
- Major conflicts of interest appear to be involved in critical decision making

Our governments have locked down the healthy, instead of better protecting the vulnerable. More than 80% of those with COVID-19 have either very mild symptoms, or none at all.

Asymptomatic transmission is highly unlikely (between 0 & 2%) and yet the government remains wedded to locking down its people, causing catastrophic social and economic harm.

We are all at risk of being forced to vaccinate against a disease that is showing not to be virulent, with a vaccine that has had no long-term safety studies.

 - Sanctions/restrictions/new laws.
 - Removal of civil freedoms/liberties.
 - State of fear resulting in public obedience, compliance and servitude
 - Justification for illegal wars in foreign countries.
