### 78 Year Old Woman France's First mRNA Vaccine Recipient and It's a Shocker

December 28, 2020

ER Editor: We take this opportunity to remind readers that female infertility may also be a problem with the new gene-altering mRNA vaccine from Pfizer. See Dr. Wodarg and Dr. Yeadon Request a Stop of ALL Corona Vaccination Studies, Call to SIGN THE PETITION. Of note:

The vaccinations are expected to produce antibodies against spike proteins of SARS-CoV-2. However, spike proteins also contain syncytin-homologous proteins, which are essential for the formation of the placenta in mammals such as humans. It must be absolutely ruled out that a vaccine against SARS-CoV-2 could trigger an immune reaction against syncytin-1, as otherwise infertility of indefinite duration could result in vaccinated women.

In the report below, which links to Local10 news in the US, no particular vaccine is being singled out as a problem. The assumption must be that ALL covid vaccines are a potential problem for men.

He said that study participants must have a **fertility evaluation before receiving the vaccine.** To protect fertility, some men may want to consider freezing their sperm prior to vaccination.

*"We're evaluating the sperm parameters and quality before the vaccine and after the vaccine. From the biology of the COVID vaccine we believe it shouldn't affect fertility but we want to do the study to make sure that men who want to have kids in the future to assure them it's safe to go ahead and get the vaccine," Ramasamy said.*

*The Liberty Beacon Project is now expanding at a near exponential rate, and for this we are grateful and excited! But we must also be practical. For 7 years we have not asked for any donations, and have built this project with our own funds as we grew. We are now experiencing ever increasing growing pains due to the large number of websites and projects we represent. So we have just installed donation buttons on our websites and ask that you consider this when you visit them. Nothing is too small. We thank you for all your support and your considerations ...
